

# Kapow Geography Overview

## Fieldwork opportunities

Year	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
1	What is it like here? School grounds fieldwork		What is the weather like in the UK? Observe and measure the weather in the school grounds		What is it like to live in Shanghai? A walk in the roads surrounding the school/to duck pond?	
2		Would you prefer to live in a hot or cold place? <a href="#">L4 - Kenya link</a>  Rain gauge on playground		Why is our world so wonderful? Fieldwork in a local green space (park)		What is it like to live by the coast? How do people use our coast? Crosby beach (Iron Men area)
3	Why do people live near volcanoes? Rocks found in the school grounds/local area?		Why are rainforests important to us? How is our local woodland used? (Formby pinewoods)		Who lives in Antarctica? Planning an expedition around school using compass points	
4		What are rivers and why are they used? River Alt study			Are all settlements the same? Walk in Crosby	Where does our food come from? Are our school dinners locally sourced? interview
5		What is life like in the Alps? What is there to do in our local area?		Why do oceans matter? How littered is our marine environment? Crosby beach		Would you like to live in the desert? (Mojave Desert internet research)
6	Why does population change? Crosby litter and traffic study at two contrasting points		Where does energy come from? Where is the best place for a solar panel on the school grounds?		Can I carry out an independent fieldwork enquiry? Crosby town centre? To explore changes and issues in our area
